GUIDED TOURS

Museum staff will accompany you on a guided tour of the exhibits. These tours are included in the museum admission fee. Tours are available for individuals, families, and small groups, with a maximum of 10 people per tour. Reservations are not required for advance bookings. If you wish to participate, please ask at the exhibition hall entrance.

GUIDED TOUR

Tour the museum at your own pace with our popular Audio tour app or Audio Guide handset; both are available in six languages (Japanese, English, Chinese, Korean, Thai, and Vietnamese).

AUDIO GUIDE HANDSET $1200 per handset

If you would like to hire an Audio Guide Handset, please ask at the information desk.

TECHNOLAND

Enjoy and learn through original play equipment that integrates the principles and mechanisms used in textile machinery and automobiles. Experience the fun of making things firsthand.

Children under elementary school age must be accompanied by an adult. For safety reasons, height and age restrictions apply to some of the equipment.

Note: no toys, animals or animals may be brought into the exhibition areas, except for assistance dogs.

Live Demonstrations

“Always Being Studios and Creative, Striving to Stay Ahead of the Times”

Presented as a joint enterprise of our Toyota Group companies, the Toyota Commemorative Museum of Industry and Technology was established on the site of the workshop of the first Toyota, where the first car was invented and the first Toyota automobiles were exported. Providing and promoting an understanding of the technologies behind the scenes, our goal is to create a learning environment where visitors can engage in the latest technology and innovation.
