

Guidance for Control of Entry Numbers for Technoland

At Technoland, we institute a system of limited rotating admissions with numbered tickets distributed on the day of admission during times when heavy crowds are expected, such as weekends, holidays, and spring, summer, and winter breaks, etc. We ask for your cooperation so that your children can enjoy playing more safely.

*Entry ticket is required to view the permanent exhibition.

*Please make sure that your child is always accompanied by a guardian before he or she enters the elementary school grounds.

*There are height/age restrictions for some playground equipment due to safety concerns.

-Days on which entry numbers will be controlled:
Weekends, national holidays and spring, summer and winter holiday weeks.

*We may inform you about and implement the dates of the event in advance.

-Entry reception: Distribution of numbered tickets on a first-come first-served basis at a table setup in front of Technoland.

*Once reception is closed, we will also post notifications on our website.

-Entry time: Limited to 150 guests in first-come first-served basis each time.

*One time period of choice can be selected per reservation.

*If there are openings after you have entered the exhibition once already, you can reserve another period.

① 9:30~10:50

② 11:00~11:50

③ 12:00~12:50

④ 13:00~13:50

⑤ 14:00~14:50

⑥ 15:00~15:50

⑦ 16:00~17:00
